

Weekly word challenge.

How many words can you make with the letters below? What is the nine letter word?

Weekly word challenge -

Dear Darwin class, I know how much you enjoy a word challenge. Just like we do on Wednesday afternoons - just use the letters to make as many new words as possible in 10 minutes. The letters can be rearranged to make a 9 letter word too.

Notes for adults and students:

- 1) Copy the letters out onto post it notes (1 per letter) or cut them out of paper / card so your child can move them around to make new words.
- 2) set a 15 minute timer (students only have 15 mins usually at school).
- 3) Make a note of all the words they make below including if they find the 9 letter word.
- 4) Email me at hpearson@granta.cambs.sch.uk with either a picture of their list of words or their guess of the nine letter word and I will email you back.
- 5) Perhaps you can challenge your adult at home or brothers/sisters to see who can find the most words? GOOD LUCK!
