

English:

In English we will be studying 20th Century poetry across a range of themes including war poetry among others. We will be exploring what makes a poem and the various techniques poets use.

Art/ Creative:

In Creative we will be working on music, exploring rhythm and using a range of online tools to help us create our own music.

PSHE:

In PSHE we are looking at relationships—both friendships and romantic relationships. We will be looking at toxic behaviours and how to identify and extract ourselves from unhealthy relationships.

ICT:

ICT will be exploring computer systems and networks, understanding how these work.

Science:

This term we will be taking a hands-on approach to our science lessons. We will be exploring chemical reactions using a range of ingredients, predicting outcomes and learning how to record our experiments correctly.

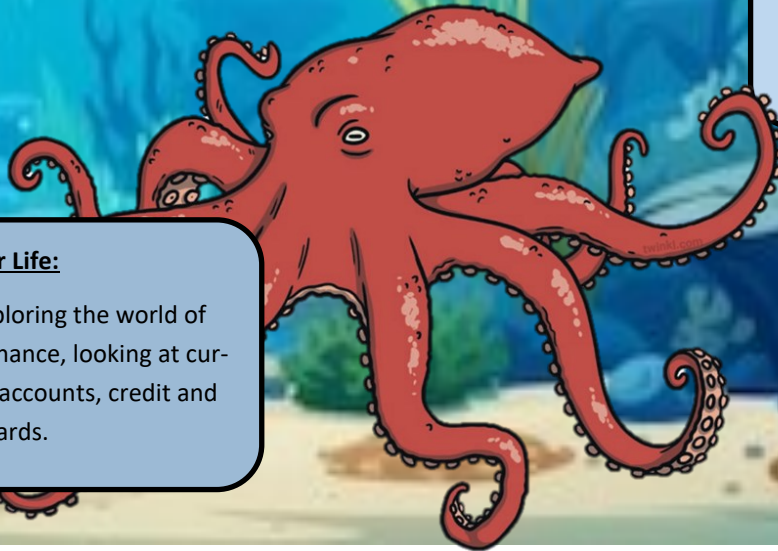

Maths:

We will be looking at Money—how to use money, calculate shopping lists, working with change and simple sums

P.E:

In P.E. we will be learning how to do Parkour. We will be working on balance and co-ordinations to tackle Parkour courses in the gym.

History:

In History we will be exploring the First World War, its causes, how the war was fought, trench warfare and alliances.

Skills for Life:

In Skills we will be exploring the world of banking and personal finance, looking at current accounts, savings accounts, credit and debit cards.
