

The impact of Primary PE and Sport Premium

Our Use of additional PE funding to Primary schools (Financial year 2015-2016)
In line with schools nationally, Granta received additional funding in order to enhance physical education in the Primary department.
The provision of this funding to all schools is to support the health of children and young people.

Vision: ALL pupils will leave primary school **physically literate** and with the **knowledge, skills and motivation** necessary to equip them for a **healthy, active lifestyle** and **lifelong participation** in physical activity and sport

Objective: To achieve **self- sustaining** improvement in the quality of PE and sport in primary schools against 5 key indicators.

1. The engagement of **all** pupils in regular physical activity- kick starting healthy active lifestyles
2. The profile of PE and sport being raised across the school as a tool for whole school improvement
3. Increased confidence, knowledge and skills of all staff in teaching PE and sport
4. Broader experience of a range of sports and activities offered to all pupils

In 2015-2016, Granta was allocated £8196 for Primary PE.

Granta's excellent PE provision is already recognised as outstanding. In addition to our established arrangements we have used this funding to be a gold member of the local PE partnership which provides training to staff and has also provided coaches for lessons and lunchtime clubs in cricket, table cricket and athletics. We have also used it to provide release time for our 6th form PE specialists to support Primary lessons and to lead more Primary tournament opportunities. Primary staff have had additional training in FUNdamentals of Movement and 7 staff from across the school were trained in Rebound Therapy

Sport Premium spend	Activity	Impact/Rationale	Monitoring
