

DofE Bronze Expedition September 2016

We went to Ferry Meadows, Peterborough for our expedition.

We started our journey on bikes we cycled around Gunwade Lake one day and the next day we cycled around Overton Lake

We had to follow the signs on the sign posts around the lake, the signs had words and symbols

We had lots of different bikes

Jordan and Andrew had 2 wheel bikes

Jess had a trike and Lottie had a 2 seater 4 wheel bike which she shared with an adult

We went sailing on boats called luggers we went on a journey around and across the lake we took lots of photos of things around the lake.

On our practice expedition we struggled to put our tents up but with a bit of help from our friends and teamwork it was easier the second time. We also got better at cooking on a Trangia by the second expedition we could light them and cook our own food, which was yummy!

It was hard sleeping in tents we missed our mums and our beds but we loved doing the activities and are sort of looking forward to going again next year.

Jess Charlotte Jordan and Andrew
